ONLY \$5.00 A MONTH

The Great Quaker Physician Will Treat All Persons Applying Before January 1st for the Nominal Sum of \$5 a Month, Medicines Included. Many Cases are Cured in One Month's Time. This Offer Positively Expires on the 31st Day of This Month and Will Not Be Extended Beyond That Date Under Any Circumstances. Cures That Will Live in History.

Never in the history of Scranton has one man created such widespread comment and universal praise as has been accorded to the Great Quaker Doctor during the past few months. Cures have been performed upon well-known citizens that rival those of ancient times. So remarkable in fact that the medical world stands aghast in utter surprise and bewilderment, while press and pulpit eulogize this grand humanitarian work in a most enthusiastic and unquestioned manner.

Doctor Byers will agree to treat all patients calling at his offices before January 1st on the following terms:

All persons applying before January 1st will be treated for the nominal sum of \$5 a month. This includes examination, advice and all medicines. This offer is given with the definite purpose of proving to the public the superiority of the Bi-Chemic Treatment.

Doctor Byers wishes to make it emphatic that this offer expires positively on the 31st day of this month and will not be extended beyond that date under any circumstances. This is positively the last special offer that will be made, and can only be deemed a "cure at a nominal sum" if it is important for you to call on one.

NORTH SCRANTON.

The North End Stars added another victory to their long list by defeating the Plymouth team before an audience of fully 400 people at the auditorium last night. The home team played a good passing game, giving all of the players a chance in the game. Their opponents had a very poor game, but their basket shooting was rather poor along side of the locals. At the beginning of the game the visiting team did some clever throwing, but during the game they did not make much use of their throwing. The first half ended with the score 23 to 3 in the Stars' favor and with the home team leading by the score 29 to 2 in the Stars' favor. The teams lined up as follows:

Stars—Forwards, Hughes, Eltringham, McChesky, J. M. C. A. building at 9:45 o'clock.

ASTHMA.

Mrs. Charles Miller, Petersburg, says: "My little daughter, Lena, had suffered from Bronchial Asthma since a small child. The attacks were very severe and she would have to gasp to get her breath. She could not sleep at night and it was pitiful to see her gradually wasting away. As a last resort I took her to the office of Doctor Byers, and the improvement under his treatment was simply wonderful. Today she sleeps well, eats well and is different child in every way. God bless the Great Quaker Physician for restoring my little child's health."

FREE X-RAY EXAMINATION.

Doctor Byers never accepts a case unless he knows to a certainty the cause of the trouble and this can only be determined by a scientific X-Ray examination. His X-Ray outfit is the most elaborate and complete in the country. By his special Fluoroscopic apparatus he is able to examine all parts of the body and find out to absolute certainty the cause of the patient's affliction. Come and be examined; it is absolutely free.

BI-CHEMIC TREATMENT.

The different tissues of the body are made up of minute cells, and when these cells become diseased, disease is the result. By supplying the proper nutriment to the cells, perfect health can be obtained. All diseases, no matter how chronic, can be cured by bringing the cells back to their normal condition. The treatment used by Doctor Byers is not allopathic or homoeopathic. It is a treatment based upon an exact science and cures with the certainty of a fixed law.

HE WAS PARALYZED.

Mr. John Jenkins, Dunmore, Pa., says: "Seven years ago I fell down an elevator shaft and injured my spine, and as a result my legs became completely paralyzed. No one could appreciate the terrible condition I was in except those who have gone through the same ordeal. From a strong, vigorous man I became a feeble, helpless cripple. I could only walk by the aid of crutches, and only then with the greatest difficulty. Having read about the almost miraculous cures that were being performed daily by Doctor Byers I concluded, as a last resort, to try his treatment. I began to improve almost immediately, and this improvement has been so rapid and my present condition is so satisfactory that I feel it a duty to mankind to make a public statement of what the Great Quaker Physician has done for me. Surely a doctor that is able to do such wonders must be possessed of more than human power. I shall never cease sounding Doctor Byers' praise wherever I may be."

HE WAS DEAF.

Mr. John E. Haley, Carbondale, says: "I had been deaf for a long while. I could not hear in church. I shunned my neighbors because I could not understand what they said. I had noises in my head and my whole nervous system became so troubled that I could not sleep. My hearing I lost over 20 years. I tried three of the best doctors in Carbondale but without any result. Something seemed to tell me that I ought to try Doctor Byers' Treatment. I went to his office and placed myself under his care. That was five months ago. My hearing has been restored. Last Sunday I went to church and heard every word the preacher said. I now meet with my friends and converse with them, and I assure you I will never cease sounding the praises of Doctor Byers' name for restoring my hearing. His power over disease comes from higher influence than human. God bless the Great Quaker Doctor."
